The Motivation Letter is an essential document for your application together with the Curriculum Vitae. We recommend that you take care of the content, which will have to describe your educational and professional background, your motivations in proposing the application for a traineeship abroad and your professional goals.

Considering that your letter will be visible to all Host Organizations enrolled in the EU4EU Portal, you can introduce it using the formulas "To whom it may concern" or "Dear Sir / Madam".

To support the drafting of the Motivation Letter you can also use the [Europass model](#).

2ND APPLICATION PHASE - MATCHING WITH HOST ORGANIZATION

14. Can I do the internship in the same country where I study?

No, students cannot do the traineeship in the same country where the sending University is based. Internships must be done abroad.

15. Can I do the internship in the UK? How will Brexit impact the Program?

Yes, higher education institutions from programme countries other than the UK can continue to send their students on Erasmus + mobilities to the UK with funds from the 2019 and 2020 Calls, until the projects finish or until the funds have been exhausted.

16. I am eligible for the second application Phase, am I entitled to a scholarship in any case?

Access to the second phase does not automatically guarantee the award of the scholarship. You will have to upload the Letter of Availability during the Matching phase. Applications will be evaluated after the end of the Matching Phase, and a final ranking will be drawn up according to the selection criteria stated in the Call.

17. I have successfully passed an interview with a Host Organization that I found in the EU4EU Portal, now how can I complete the matching?

When the student has reached an agreement with the Host following an interview, the contact person of the Host Organization must create the Letter of Availability through the web form, print it, sign it and send it via email to the student. The student must sign it and upload it to his/her account. At this moment the application procedure terminates.

For details read the "[GUIDELINES FOR TRAINEES TO THE EU4EU PORTAL AND THE MATCHING PHASE WITH COMPANIES](#)" that you find in the Home page of the Portal

18. I have more than one Letter of Availability from different Host Organizations, can I

upload just one or more in the EU4EU Portal?

If more than one Host Organization sent you a Letter of Availability you must upload just one of them on the Portal, the one from the Host Organization you chose for carrying out your internship. Without any delay inform the Host Organization you didn't pick, in order to leave that offer to other students.

19. I need to download and to fill in the Letter of Availability to upload on my personal page, but I can't find it anywhere. What should I do?

The contact person of your Host Organization must create and fill in the Letter of Availability through the web form, print it, sign it and send it via email to the student.

To complete the matching the student must sign it and upload the letter on his/her profile.

20. Can I participate in the Call by proposing a Host Organization that is not yet registered in the EU4EU Portal?

Yes, you can, provided that the Host Organization is eligible and register on EU4EU Portal by the end of the matching period. The application procedures are the standard ones.

If you are in contact with a Host Organization that would like to host you, send this [link](#) to find information on EU4EU for Host Organizations.

Please note: if the Host Organization does not meet the eligibility and suitability requirements established in the Call for Host Organizations, it will not be considered eligible. In this case you can still choose a different Host Organization that you will find in the Portal.

21. I formalized the matching with the Host and completed my application, am I automatically awarded the scholarship?

No, candidates will have to wait for the results of the selection phase, which will be held after the end of the Matching Phase.

22. If I am not awarded the mobility grant, will I be able to carry out the traineeship without receiving funds?

Yes, you might do it. In fact, in case of exhaustion of EU funds or at the specific request of the student and with the prior authorization of the university, it will be possible to assign to eligible candidates the status of "Erasmus-zero-grant" which allows for the benefits of mobility, without receiving the EU contribution. In addition, if you are in the waiting list, there are chances that you will be assigned the scholarship at a later stage.

23. If I don't pass the selection process, can I re-use the matching completed on the EU4EU portal to apply for other scholarships from my sending university?

No. The matching support service provided by EU4EU Program is reserved

exclusively for EU4EU trainees. Only candidates awarded the EU4EU mobility grant can carry out the traineeship at the Host Organization matched through the EU4EU Portal. The use of the EU4EU Portal for not eligible or not awarded students is strictly prohibited.

24. Can I agree with more than one Host Organization to do the traineeship in two different locations? Can I also agree to do the internship in two different periods of the year, even with the same Host?

No, both solutions are not admissible. The traineeship must necessarily take place for the entire duration in a single organization, and must be continuous over time. No interruptions, suspensions or unplanned changes of destination are allowed, except for reasons of force majeure (for more details see the "Changes in mobility" section below).

25. I missed the deadline to complete my 1st or 2nd Application Phase. Do I have to wait for the next Call to apply for a scholarship?

Once the ranking is published, in the event that a certain number of scholarships is left unassigned, an extraordinary application procedure will be opened up to exhaustion of scholarships. To participate in the extraordinary application procedure, students must register with EU4EU Portal and complete the profile by uploading all the required documentation. Once the registration is completed, candidates will be able to immediately access the Matching Phase and find Host Organizations.

CHANGES IN MOBILITY

26. Can I give up the scholarship after receiving it? What are the consequences?

- a. By signing the Letter of Availability, you agree to do a traineeship in an organization abroad. Changing your mind after signing the document will be considered as an unprofessional behavior towards the partners involved in the project. If you are unable to fulfill your commitment, you need to send an official communication by e-mail to the coordinator and the Host Organization, cc the Intermediary Organization EuGen (info@eu4eu.org) and specify the reason for the renouncement.

No, except for reasons of force majeure. In the event, support will be

provided to find an alternative Host Organization.

29. Can I change the dates after signing the Letter of Availability?

30. Can I have an extension of the grant at the end of the mobility?

During the mobility, the participants may request an extension of the scholarship at the end of the pre-established mobility. Extensions of the financial contribution of mobility can be financed only if there are still funds available.

In this case you will have to return the received and unused scholarship. If the traineeship lasts less than 2 months, the scholarship will be returned in full, except for justified reasons of force majeure.

32. Is it the COVID19 pandemic considered as a case of force majeure?

Yes, it can be considered force majeure. Due to the containment measures, mobility periods can be undertaken remotely and be concluded with a period abroad in presence if the situation allows it. Full recognition through the ECTS system is guaranteed by The Erasmus+ National Agencies for those traineeships carried out remotely.

You need to contact your National Coordinator for detailed information on:
